## *Seasons Greetings*

*DOPEY &  
BASHFUL*

Because of the rescued dogs and cats that come our way all year long, we ask that you recall them this Holiday Season, as they remind us daily why we exist and why we ask you to support our work.

Just remember an older tabby cat named *ROCKY* that was abandoned this summer on Rockaway Beach because his family was moving; a dog named *KANJA* that was brought to the local shelter because he had medical issues which his family did not have the money or the will power to deal with; A litter of 4 week old kittens born between two fences in Jericho that a homeowner just wanted gone; and *TEXAS*, the older beagle, whose teeth were so rotten and infected that he was in constant pain and not able to eat at the local shelter.

These are the animals that truly needed our support, and they received it with your help. These stories are only four of over 500 animals that come our way each year. Each cat or dog that enters our adoption program has its own unique story or tale. We only know part of their stories, but we are happy to report that many have been placed in happy and loving homes.

This is the perfect time of year to give the gift of life to the many more cats and dogs that will be coming our way next year. So, grab your checkbook, write a check for as much as your can, and support the rescue work of LAST HOPE for the year 2010. The animals will appreciate it more than you will ever know.
